PERMIAN BASIN ASSOCIATION of DIVISION ORDER ANALYSTS

Q1 March 2021

President's Corner

Dear PBADOA members,

I hate to sound cliché but Spring has almost sprung! I am not a fan of the oppressively hot West Texas summer that Spring suggests is right around the corner, so I cannot recall a time in which I have been so excited to welcome back sunny days, blooming flowers, NEWness, and fresh hope. Despite the widespread illness, social and political turmoil, and uncertain economic environment that 2020 brought us, I have been truly wowed this past year by our community's generosity and kindness toward one another.

As an example of such generosity, your monetary donations to our December 2020 fundraiser allowed PBADOA to donate \$1,573.28 to 3:11 Ministries, from whom we recently received a kind thank you letter. By combining your donations with those from other donors, the non-profit was able to provide uniforms, shoes, coats, and school supplies to 328 local students. F

In addition to our community's generosity, I am encouraged that Permian Basin establishments are continuing to cautiously open their doors to larger numbers of people. As our local population becomes increasingly more comfortable with returning to normality, the Board looks forward to the day when we can resume our in-person luncheons. We had originally hoped to restart luncheons this month but were informed this will not be possible until May. Instead, please join us as we host attorney David Smith on Tuesday, March 16 for his presentation entitled "Foreign Issues Affecting Texas Title". This webinar has been approved for one credit (CDOA, AAL, and CPLTA). Our April webinar will be held on Tuesday, April 27 and we will provide more information as that day nears.

Also, you will want to make plans to attend NADOA's 2021 Institute in beautiful Fort Lauderdale – September 8 through 10. The Institute is always a fun opportunity to meet analysts and other Land professionals from around the nation, to learn, and to earn CDOA and CPLTA credits. The PBADOA board voted earlier this month to host our own annual, one-day seminar this October. Although this seminar is ordinarily held each Spring, hosting the seminar later in the year will allow most, if not all, PBADOA members to have time to become comfortable with meeting again in large groups. That said, we will hold a drawing for NADOA Institute scholarships well before the date of our seminar (where the drawing is normally held) in order that the winners can each plan their trip to Fort Lauderdale in advance. Stay tuned for more information in the coming months.

As always, if you have ideas for newsletter articles, luncheon/webinar speakers, presentation topics or the like, please do not hesitate to reach out (President@pbadoa.org), as we would love to hear from you. For now, enjoy the sunny weather and we look forward to joining you in attending the PBADOA March 2021 webinar next Tuesday at noon.

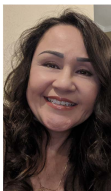

Yours truly,

Heather Liles

PBADOA 2020/2021 President

Welcome New Board Members!

2021 PBADOA Board Secretary

Yvonne Molinar, Division Order Clerk III in Owner Relations at Pioneer Natural Resources, Inc.

I was born and raised in my hometown of El Paso, TX. I have been a resident of Midland for nine years and I was previously employed as a Secretary for the El Paso Police Department, Texas Department of Public Safety and Midland IS - all of which were exciting careers to have worked with professionals. I took advantage of a great opportunity to work in the Oil and Gas Industry in 2017 and accepted a position with Pioneer as a Division Order Clerk. I'm happily married to my husband of 28 years, Juan. We have three beautiful daughters, and one granddaughter. Our youngest daughter, Serena, plays travel ball in the summer, which is where most of my spare time is spent over the weekends, and when time permits, I enjoy reading and spending time with family. I look forward to serving as a Secretary for PBADOA and excited to see what 2021 will bring!

2021 Board of Directors

2021 PBDOA Membership Director

Rose Kidder - Division Order Analyst III (Owner Relations/Division Order Department) with Pioneer Natural Resources since 2017)

I moved to Midland from the Midwest and began to look for work in the oil and gas industry. All my friends were talking about it. I was intrigued. I couldn't believe that a commodity could be so complex, especially when compared to corn. I knew it would be a challenge but really, I must say, that I have used everything that I have ever learned, from every job that I have ever done, to get me to this point. It seems I will continue to do so as there is something new to learn every day. I am entirely up for the challenge and love it.

2021 PBADOA Technology Director

Estella Peña - currently works as a Division Order Analyst/Royalty Relations for Arrington Oil & Gas Operating, LLC, where she has worked for 3 1/2 years. Before moving to Midland, TX in May of 2017 she lived in Hugoton, KS. While In Kansas she wore many hats. She worked at the Hugoton Middle School for 15 years as an ESL Paraprofessional. She was also the Migrant Liaison for the Middle School and High School campuses. She was the District Translator and would interpret for parents and students. In her free time, Estella enjoys spending time with her family, friends and of course her dog, Shadow. Estella has 2 children, Raul and Ana Peña. She is happy to call Midland home and to have the opportunity to work in the Oil & Gas Industry.

****Effective March 12, 2021, The Publicity Director position is vacant on the PBADOA Board. If you are interested in serving as Publicity Director for the remainder of 2021, please contact Heather Liles at Heather.Liles@pxd.com. Thank you, Yohji for your service and we wish you all the best in your next endeavors!***

UPCOMING EVENTS

Monthly Luncheons: Our plan for March and April 2021 is to provide educational opportunities via webinars. Our next webinars will be held Tuesday, March 16 and Tuesday, April 27. We are hopeful that in-person luncheons can resume within the next couple of months.

Christmas Charity Update: We were able to raise \$1,573.28 for 3:11 ministries for our yearly charity donation. This is an organization that helps children and families in need within our community.

Seminar: PBADOA annual Seminar will be held October 2021 with more information to come. Stay tuned for updates.

Covid 19

It is hard to believe a year has gone by since the pandemic began. I am sure we all can relate to this photo below. Please continue to stay safe and healthy.

me and my coworkers logging into all of our meetings remotely for the next couple of weeks

Midland Fast Facts

Patriotism runs deep in the Permian. During World War II, the Permian had its share of responsibility in contributing to the winning war efforts of the Allied Forces. Wrap your head around this fact: About half of the world's oil and gas production at the time came from the Permian! This supply helped in fueling the tanks, ships, and planes the Allied Forces used to ultimately win the war.
